THE STUFF OF LEGENDS.

A STORY ROOTED IN QUALITY CRAFTSMANSHIP, INNOVATION & AMERICAN HERITAGE.

It all began back in 1928. Two young cousins, Edwin J. Shoemaker and Edward M. Knabusch, joined together to design a chair that would add both comfort and enjoyment to the lives of millions of families – and the world's first recliner was born! What began in the small community of Monroe, Michigan has expanded beyond recliners with thousands of dedicated workers in manufacturing facilities across North America. Nearly all of our furniture is proudly built in the U.S.A. from domestic and imported materials. So not only can you feel good about your furniture, you can feel good about where it's made.

ABOVE - NORMAN RECLINER on page 31.

The Fine Art of RELAXATION

Many of our reclining sofas, sectionals and chairs give you the power to recline at the touch of a button and go from upright to fully reclined smoothly and effortlessly. You can even raise and lower the legrest and back individually for an almost endless number of relaxing positions.

ABOVE Corona recliner page 60.

The **POWER** of comfort. It's a beautiful thing.

PowerRecline

Smooth and effortless operation that lets you recline in seconds with a powered back and legrest which move together to any position.

PowerRecline+

All the features of PowerRecline, plus power lumbar and a power-tilt headrest for added support while you recline.

PowerReclineXR®

The next generation of power recliners with an independently operating back and legrest for virtually limitless relaxing positions.

PowerReclineXR®+

We've taken PowerReclineXR, and amped it up by adding power lumbar and a power-tilt headrest perfect for reading or watching tv.

PowerReclineXRw®

Relax and enjoy all the comfort of PowerReclineXR with space-saving convenience to fully recline just inches from a wall.
